Lynn Ritchie

"Studying Counselling at Southport College was a great decision for me. I have improved my communication skills and now understand myself better. Whilst it has been a personal healing journey, I am also proud to be able to share the knowledge and practice I've learned with others. The accessibility of the college has been excellent and I have great respect for the teaching staff. If I could do it all again, I most certainly would!"

# Free online courses

We are delighted to offer an exciting online course programme.

We have a wide range of courses to choose from, all of which are completed from home in your own time and completely free of charge!

It's a great way to gain nationally recognised qualifications, help to improve your career prospects and employability or just expand your knowledge in a subject that really interests you.

They are open to everyone and you are welcome to do as many as you like. So if you have already completed a course, why not now either progress to the next level or try something new!

It's up to you how much time you spend as you'll be working at your own pace, but we suggest you look at committing around a few hours a week for Levels 1 and 2 and a little more for the Level 3 courses.

You will also need an internet connection, and we do recommend that you have access to a computer or laptop to complete the assessments (although it's not essential).

**All the online courses are free of charge, but there are some terms and conditions.**

For full details and how to apply, visit [www.southport.ac.uk/adultlearners/free-online-courses](http://www.southport.ac.uk/adultlearners/free-online-courses)

# ESOL courses

ESOL stands for "English for Speakers of Other Languages" and our courses are designed to help your English speaking, listening, reading and writing skills, whatever your native language is.

All the classes are taught by our friendly, experienced tutors and our students really enjoy the sessions, as well as gaining valuable skills and meeting people of all different nationalities.

During the course you will become able to deal with everyday practical situations, such as at the bank or out shopping. Plus we also use modern interactive technology to help increase your vocabulary and improve your grammar.

For absolute beginners, we have a fantastic 8 week introductory course. This is just two evenings a week and you can choose to start in either September, November or January. It's a great way to kick start your English skills.

If you have already completed an introductory course or have a basic grasp of English, one of our Entry Level courses would be ideal for you. These all start in early September and are 1 evening a week for 15 weeks.

**We have hundreds of students who join our ESOL classes each year and our tutors love helping them grow in skills and confidence.**

**We look forward to helping you take this next step too!**

Gail Snell - ESOL Tutor

"We have people from all over the world here in Southport and it is my pleasure to welcome them to college to learn English. I love seeing them start as absolute beginners and then gain their confidence and fluency as we work through each session together. Our students find the classes warm and friendly, they quickly make friends with their classmates and my colleagues and I are always very encouraging and supportive. It doesn't matter what nationality you are, if you would like to learn English, then we are here to help."

# Southport College University Centre

Study Art Foundation, HND Graphic Design or a PGCE at our town centre campus, and combine higher education with work and family life.

## Why you should choose Southport College University Centre

Our students come from all walks of life. They benefit from smaller class sizes and more contact time with tutors than they would at traditional universities, plus our courses are deliberately delivered using compressed hours, as we know many of our students also have other commitments.

Our course fees are lower too and these can be funded with a student loan (ask for details), which you don't need to start paying back until you earn over £27,295.

### ART AND DESIGN

- Level 4 Art and Design Foundation Studies
- HND Graphic Design

As a student here you will have inspiring studios, the latest technology & equipment and highly qualified, supportive tutors dedicated to helping you succeed.

### TEACHER EDUCATION

- Cert Ed
- PGCE

Designed specifically for those who want to pursue a career in the post 16 education sector, these courses will give you the skills, experience and qualifications you need, as well as inspiring you to be a fantastic teacher.
